
Giving Food, Giving Love Effort Appreciation Letter- High School Student Council Faculty Advisor

Description: I organized and facilitated a food drive project called *Giving Food, Giving Love*. *Giving Food, Giving Love* was in partnership with the Cardinal Local School District in Middlefield, Ohio. Some of the individuals I connected with during the time I spent working on this project requested to write letters on behalf of my effort. This was a letter written by the Cardinal High School Student Council faculty advisor. I included this letter in my portfolio because I believe that it demonstrates my work ethic, dedication, and passion for the projects I am a part of.

Dear Dr. Rebecca Cline,

I wanted to write you a letter to let you know how much Erica Torre worked with me on the Giving Food, Giving Love food drive project. When I met with Erica and her group she was very professional and enthusiastic about working on this project. Due to a miscommunication within our school, we only had a short time to work on this project. Because of Erica's excitement towards this project I wanted to help her and the group to succeed, not only for themselves, but for the less fortunate that would be getting the food. During the time I worked with Erica she was in constant contact with me and when she found out what we collected, she made sure our students had even more prizes to win. I feel without Erica this project would not have been as successful as it was. If you have any questions please feel free to contact me at the above numbers or e-mail.

Sincerely,

Sent by E-mail

Samuel J. Paskey
